10001 91 Ave Peace River, AB T8S 1Z5

Calendar of Events

March 22 - PD Day/No School

March 24 - Parent/Teacher Conferences (These will be held by phone appt only, please contact the office to book a time)

April 1-9 -Easter Break/No School

Just a reminder that masks are a mandatory policy. Don't forget yours at home!

Please review the included COVID Checklist and Stay at Home Guide

We would like to invite parents to join us for a virtual Grad Parent meeting on Thursday, March 18th at 7:00 pm. This meeting will provide an update on the planning that our Student and Teacher Advisor committee has done thus far as well as provide information on Alberta High School Graduation requirements.

The link will be emailed out to Grade 12 Guardians next week.

2021-2022 Registration is coming soon

If you have not filled in a registration form for the current school year (2020-2021). Please check your email for the link, or contact the school so we can help you complete the forms. If the form has not been completed, you will be contacted by the office.

Yearly registration forms are required by Alberta Education and allow us at the school level to confirm important contact and medical information for students.

Peace River School Division has moved to a fully online registration system that can be access through our website. Contact us if you have any questions.

A Great Way to Stay Informed

If you have not already done so, please contact the school to receive your login information for your students Powerschool Account. It is a great way stay up to date with students attendance, assignments, and comments. You can even email the teachers directly.

<u>Pro Tip</u>: If using you are using the Powerschool APP available from the App or Google Play Store and it isn't updating, try uninstalling and reinstalling on your device. Sometimes the App gets stuck. If you are still having issues, contact us at the office and we will do everything we can to help!

COVID-19 INFORMATION

COVID-19 ALBERTA HEALTH DAILY CHECKLIST (FOR CHILDREN UNDER 18)

Overview

This checklist applies for all children, as well as all students who attend kindergarten to Grade 12, including high school students over 18. Children should be screened every day by completing this checklist before going to school, child care or other activities. Children may need a parent or guardian to assist them to complete this screening tool.

Screening Questions

1. Has the child:

(Choose any/all possible exposures)

Traveled outside Canada in the last 14 days?	YES	NO
When entering or returning to Alberta from outside Canada, individuals are legally required to quarantine for 14 days unless enrolled in the Alberta COVID-19		
International Border Pilot Project		
Had close contact with a case of COVID-19 in the last 14 days?		NO
Face-to-face contact within 2 metres for 15 minutes or longer, or direct physical		
contact such as hugging		

If the child answered "YES" to any of the above:

- The child is required to guarantine for 14 days from the last day of exposure.
 - If the child is participating in the Alberta COVID-19 International Border
 Pilot Project, they must comply with the program restrictions at all times.
- If the child develops any symptoms, use the <u>AHS Online Assessment Tool</u> or call Health Link 811 to determine if testing is recommended.

If the child answered "NO" to both of the above:

Proceed to question 2.

2. Does the child have any new onset (or worsening) of the following core symptoms:

Fever		NO
Temperature of 38 degrees Celsius or higher		
Cough		NO
Continuous, more than usual, not related to other known causes or conditions such as		
asthma		
Shortness of breath		NO
Continuous, out of breath, unable to breathe deeply, not related to other known causes		
or conditions such as asthma		
Loss of sense of smell or taste		NO
Not related to other known causes or conditions like allergies or neurological disorders		

If the child answered "YES" to any symptom in question 2:

- The child is to isolate for 10 days from onset of symptoms.
- Use the <u>AHS Online Assessment Tool</u> or call Health Link 811 to arrange for testing and to receive additional information on isolation.

If the child answered "NO" to all of the symptoms in question 2:

Proceed to question 3.

3. Does the child have any new onset (or worsening) of the following other symptoms:

Chills	YES	NO
Without fever, not related to being outside in cold weather		
Sore throat/painful swallowing		NO
Not related to other known causes/conditions, such as seasonal allergies or reflux		
Runny nose/congestion		NO
Not related to other known causes/conditions, such as seasonal allergies or being		
outside in cold weather		
Feeling unwell/fatigued	YES	NO
Lack of energy, poor feeding in infants, not related to other known causes or		
conditions, such as depression, insomnia, thyroid dysfunction or sudden injury		
Nausea, vomiting and/or diarrhea	YES	NO
Not related to other known causes or conditions, such as anxiety, medication or		
irritable bowel syndrome		
Unexplained loss of appetite	YES	NO
Not related to other known causes or conditions, such as anxiety or medication		
Muscle/joint aches	YES	NO
Not related to other known causes or conditions, such as arthritis or injury		
Headache	YES	NO
Not related to other known causes or conditions, such as tension-type headaches or		
chronic migraines		
Conjunctivitis (commonly known as pink eye)		

If the child answered "YES" to ONE symptom in question 3:

- Keep your child home and monitor for 24 hours.
- If their symptom is **improving** after 24 hours, they can return to school and activities when they feel well enough to go. Testing is not necessary.
- If the symptom does not improve or worsens after 24 hours (or if additional symptoms emerge), use the <u>AHS Online Assessment Tool</u> or call Health Link 811 to check if testing is recommended.

If the child answered "YES" to TWO OR MORE symptoms in question 3:

- Keep your child home.
- Use the <u>AHS Online Assessment Tool</u> or call Health Link 811 to determine if testing is recommended.
- Your child can return to school and activities once their symptoms go away as long as it has been at least 24 hours since their symptoms started.

If the child answered "NO" to all questions:

Please note: Youwwhildilinay extremites chrops not his representative representat

PEACE RIVER SCHOOL DIVISION STAY AT HOME GUIDE

It's confusing. When should I keep my child home?

This information applies for all children, as well as all students who attend kindergarten to Grade 12, including high school students over 18. Children should be screened every day by completing the Alberta Health Daily Checklist (for children under 18) before going to school, child care or other activities. Children may need a parent or guardian to assist them to complete the screening tool.

My child traveled outside of Canada, now what?

When entering or returning to Alberta from outside Canada, individuals are legally required to quarantine for 14 days unless enrolled in the Alberta COVID-19 International Border Pilot Project. If the child is participating in the Alberta COVID-19 International Border Pilot Project, they must comply with the program restrictions at all times.

My child had close contact with a case of COVID-19 in the last 14 days, how do I respond?

Close contact is face-to-face contact within 2 metres for 15 minutes or longer, or direct physical contact such as hugging. If your child had close contact with a case of COVID-19 in the last 14 days, your child is required to quarantine for 14 days from the last day of exposure. If your child develops symptoms, use the AHS Online Assessment Tool or call Health Link 811 to determine if testing is recommended.

My child is sick. How long do they need to stay home for?

Core Covid-19 Symptoms

- Fever (above 38C or 100.4 F)
- Cough (new or worsening chronic cough)
- Shortness of breath or difficulty breathing (new or worsening)
- Loss of smell or taste (not related to other known causes or conditions like allergies or neurological

Link 811 to arrange for testing and to receive additional information on isolation.

If your child has one of the core COVID symptoms, they are required to isolate for 10 days from when their symptoms

started. Use the AHS Online Assessment Tool or call Health

If your child does not have any of the core COVID symptoms, proceed to the "other symptoms" information below.

This is my child. Now what?

Other Symptoms

- Chills
- Painful swallowing
- Runny nose/conjestion
- Headache
- Muscle or joint aches
- · Feeling unwell, fatigue or severe exhaustion
- Nausea, vomiting or diarrhea
- Unexplained loss of appetite
- Conjunctivitis (pink eye)

This is my child. Now what?

Information for the creation of this document was taken from the updated COVID-19 Alberta Health Daily Checklist (for Children Under 18) Adapted from Prairie Rose School Division and Grande Prairie Public School Division. UPDATED NOVEMBER 2, 2020

If your child has one of the other symptoms, keep your child home and monitor for 24 hours. If their symptom is improving after 24 hours, they can return to school and activities when they feel well enough to go. Testing is not necessary. If the symptom does not improve or worsens after 24 hours (or if additional symptoms emerge), use the AHS Online Assessment Tool or call Health Link 811 to check if testing is recommended. If your child has TWO OR MORE of the other symptoms, keep your child home. Use the AHS Online Assessment Tool or call Health Link 811 to determine if testing is required. Your child can return to school and activities once their symptoms go away as long as it has been at least 24 hours since their symptoms started.

Superintendent's Message Indigenous Education in Peace River School Division

It is essential that First Nations, Métis and Inuit students see themselves and their cultures in the curriculum and school community, and that non-Indigenous students are taught the true history of Canada, including at times, the painful relationship between Canada and the First Nations, Métis and Inuit.

During the pandemic, schools have found creative ways to acknowledge residential school history on Orange Shirt Day, teach about the Métis during Métis week, and honour our local Indigenous veterans as a part of Remembrance Day activities. Grade one students have been learning some Cree, and plans are underway for a virtual Aboriginal Youth Career Workshop this spring, and a pandemic friendly way to acknowledge our Indigenous graduates with an Eagle Feather and the important teachings that accompany this high honor.

We have ensured professional development (PD) is available for staff on topics such as the legacy of residential schools history and how to incorporate Indigenous perspectives in the classroom. Our First Nations, Métis and Inuit Program Coordinator regularly meets with school staff to discuss how our Indigenous students are progressing academically and to explore further supports.

First Nations Métis and Inuit programs are supported by way of special funding from the Government of Alberta which is determined by self-declaration. For each student who declares to have Indigenous ancestry, schools receive an additional \$1178.00. Parents can declare their child's status on the school registration form that is completed every year.

Indigenous history is Canadian history and it is very important to us that all students learn about the important traditions, culture, and history of the first peoples of Canada. Thank you to our students, staff, families, Elders, community members and organizations for your important contributions and support.

Paul Bennett,

Superintendent of Schools

Peace River School Division

Spotlight on Health and Safety

Safety message – PRSD safety protocols and communication

Safety Message – Ice Safety

March is a time to look forward to warmer temperatures, melting snow, and longer days. The transition from winter to spring begins the transformation of frozen rivers, ponds, creeks and dug outs to bodies of open water. Many of our PRSD schools are located close to water sources and during this time ice can become unstable and extremely dangerous.

Please take a few minutes and talk to your children about ice safety and the dangers associated with being on rivers, ponds, creeks and dug outs during this time of the year.

If you do fall through the ice your first danger is drowning, not the cold. You will have time to save yourself so don't panic or thrash about. Tread water or grab the ice to keep your head above water. Keep your hands and arms on the ice and kick your feet until you are in a horizontal position. Once you are horizontal keep kicking your feet and pull with your hands and arms and pull yourself out of the water. Once clear of the water continue to pull yourself away from the hole in the ice. You need to keep your weight spread so don't stand to move away from the hole. You can slide pull or roll away. Once clear of any danger you need to get to a place to warm up and remove any wet clothing.

For more information about knowing the dangers of ice please follow the attached link provided by the Canadian Red Cross.

https://www.redcross.ca/training-and-certification/swimming-and-water-safety-tips-and-resources/swimming-boating-and-water-safety-tips/ice-safety

David Smith, PRSD Safety and Wellness Coordinator
